

Chair report
Hospitals and Institutions
November 20, 2010

Welcome all to the last business meeting of the year. I cant believe we are half way done with this sentence, I mean commitment. This past month has been a busy month for myself. I attended sobriety seekers business meeting. They had many questions about finances, PRAASA, and how exactly a sub-committee works. I was happy to answer all their questions. They were very appreciative of H and I attending their meeting. I also attended the Noon Awakenings Business meeting. Julie has been doing such a great job as their representative I really didn't have to do much, other than give yet another plug for volunteers needed. I even attended the District 4 business meeting, which was good because their district rep was absent and I was able to give a report and a big plug for H and I.

I am happy to report that this month we had a meeting with the Owyhee County Sheriff in Murphy. He and all his staff were very nice. They have a strong desire for A.A. in their facility. Attending the meeting were two members from H and I and two members from CPC/PI. While there, we were allowed to go in the Jail and have a meeting with an inmate. It was a humbling experience. The meeting will be every Wednesday evening at 7 pm in Murphy. I have found 3 men from Nampa who want to facilitate that meeting.

Lastly, I need to report on PRAASA. I will unfortunately not be able to attend. Probation still does not want me crossing any oceans. Acceptance is the key. I am confident that Darel will represent H and I well in Hawaii this year.

Love and Service,

Mike T.
