

## Treasure Valley H & I Hospital Subcommittee Chair Report

January 21, 2012

I am very happy to say it feels like we're getting somewhere! Slowly but surely we are getting to know who our volunteers are what facilities they are at!

Thank you Wendy H. for your efforts as coordinator at the Port of Hope. It sounds like things are getting back on track there. Meetings at POH seem to be going well and volunteers are staying informed. She did mention that she may need more volunteers for meetings at the facility. Anyone interested in this opportunity can contact me and I would be happy to forward the information to her.

Wendy, as District 4 H & I Rep, and Avalon are coordinating AA meetings at West Valley Hospital and Bow Creek Treatment Facility. I am unsure at this time if they need volunteers, but will keep everyone posted.

Terry S. is the coordinator at Allumbaugh House. She reports that everything is going well there. It appears that all three meetings are currently being covered.

I have been attending the meetings at the New Start Program at Intermountain and thus have been coordinating them. Lisa P. has volunteered to back me up and has offered to do a BTG presentation twice a month on Monday evenings. I have been in contact with Teresa at Intermountain and we working together to find out who all of our volunteers are. Apparently we have had some issues there, but we are all working together to get things smoothed out.

After much discussion with our Treatment Facility coordinators, some volunteers, Darel, Jack (our are H & I chair), and some of the people that work at Intermountain, it has become evident that we need to adopt some formal guidelines for volunteering at Treatment Facilities. I have made a rough draft and appreciate any feedback on this.

I would like to thank everyone for their help while I grow in this position! I cannot do this without your help and support! I look forward to a very productive next 2 years!

In love and service,

Gigi C.
