OLD BUSINESS

Darel and Lisa gave BBQ Report

All was a success. \$2,683.45 Raised.

Full detailed report is posted to the web.

Crystal reports on conference in Fresno. Report will be posted to the web.

Crystal and Tammy attended this years H&I conference.

Rumor has it the girls from Idaho were quite popular there...Yay, good job!

Drug court was mentioned for new ideas to bring to the table, more discussion will be held at facilitators meeting.

Tammy not present to give her report.

Guidelines to be amended for “Special Needs”

Discussion:

Mike T. states if “Special Needs “ does not stay connected with H&I, we will not have any success getting it off the ground.

Discussion: Does this co- inside with “special Needs” workbook?

After discussion... Where does “Special Needs” come in at H&I level?

A year and a half later ... Research has been taken, and argument is, we really should not be doing this.

This was a direction that was given from area level in the beginning of all our term to try and make happen here in our area.

We should not base this decision by finances, we can change guidelines.

Why not make this change.

Tabled again to take back to our home groups.
